

Aboudraz, Reema 40253549
Oumsalem, Wissem 40291712

Comp 371 - Summer 2026

Assignment 2 - Report

Reema	- Developed the vertex and fragment shaders - Created the pyramid model, including vertices, colors, and indices - Translation control - Rotation controls - Scaling controls - Tested components and debugged errors - Contributed to documentation and report
Wissem	- project setup (integrated glfw, glew, glm) - OpenGL initialization - Creation of OpenGL buffers (VAO, VBO, EBO) - 3D rendering (Depth testing, Camera and projection matrices, Rendering loop and pyramid drawing) - Tested components and debugged errors - Contributed to documentation and report
